Context	https://unfccc.int/event/giz-fes-wecf-femnet-just-transition-green-skills-social-protection-inclusive-and-gender

Brigitta C.Lamber – Head Competence, Center TVET & Labour Market, GIZ

- Invest in human capital – stronger nexus between skill development, gender agenda and climate change
- NDCs just transition work program
- Climate mechanism to include just transition
- Skill development is not means to end, integrated approach – must be integrated to jobs
- Investing or jointly developing qualification
- Not wait for the impacts of transition into green economy for social protection
- Active market policies for employment
- Possibility for space and participation in policies
- Lots of green jobs will be created so skills development must be priority
- Whole education system
- Global accelerator – ensuring creating decent jobs

Memory Kachambwa, Executive Director, FEMNET

- Africa – agriculture – 70% - informal workforce
- Issues around renewable energy but there are women who work
- Power, who is decided, people who make decisions and just transition
- Investing in renewable
- Used as being in charge
- Provides supports to SMEs
- Addressing failures
- Health insurance

Sascha Gobizon – Executive Director, WECF Int

- Issue of unpaid care done by women
- Women do 29 care hrs more than
- Strong labour loss under just transit
- Gender stereotypes
- Gender based
- Sexual harassment
- Environmental defenders
- Local community needs particularly
- Call for women gender

Enos Mbodi – Chairperson of the Sub-Saharan Energy Network – Inclusive, socially just JET-Ps in Africa
