Key Achievements
• 3500 nos-Micro-models on water related projects on Harvesting, restoration & Recharge
• 25-CBOs-engaged for Resilient livelihoods scale-up
• 8000 Distress migrants registered & provided ID card
• 2000 nos- distressed-migrant skilled & self-engaged
• 20 nos-women-collectives engaged in Nutrition farming & Gearing Greening
• 2000 hectares-adopted resilient-farming with science led livelihoods towards soil carbon absorption-
• 500-hectares-pulses -under NFSM & Soil Nutrition
• 10000-hectares-local biodiversity-protection for carbon Sequestration, & availing regulated forest foods/products
• 3500-Home-solar-lighting-system part of Green energy supporting children to read more & women to do more work
• 3500-fuel-efficient-cooking-stoves under Low emission development Strategies [LEDS] in minimizing Health hazards of rural women & children
• 45-schools practicing sanitation, nutrition , hygiene in inculcating Environment education,
• 200- groups engaged backyard nutrition promotion & household waste & water management
• 05-Citizen-Action, Climate Justice/Resilience committed for undertaking action on Deepening governance on water-nature-culture- craft- lifestyle support to localizing SDGs
• 25-onion shades leveraged from Government as post harvest technology
• 480-nos of treadle-pumps for lifting water without power consumption as part of water governance
• 09-Biogas plant & solar-drier distributed part Renewable Energy Initiative & part of circular economy
• 01-nos of solar-energy-centre catering 28 HHs As part of power governance for tribal communities
• 05 nos FPOs Promoted towards minimizing distress sale & market linkage and value added of local products in western
• 10-nos-ICT-KIOSKS for digital weather information climate risks, to undertake risk informed resilient livelihoods practices
• 109750 no of COVID Vaccinated , Readiness, preparedness, resilience & recovery- with added CAB protocol advocacy, undertaking social protection campaign & immunity boosting for all
